## Skills Developed

Nature Crafts

Sound Design

Mindfulness

Cultural Insight

Handcrafting

## Course Description

Join Breezy McWinderson for a delightful escapade into the world of wind and sound with the 'Whimsical Wind Chimes & Enchanted Breezes' class. Held in the picturesque city of York, this course invites adults to reconnect with nature and the whimsical elements of air through the creation of personalized wind chimes. During this 3-hour session, students will gather a variety of natural and upcycled materials, including driftwood, stones, and artisan twine, to craft their very own wind chimes. As you assemble your unique creation, Breezy will guide you through understanding how sound interacts with different natural materials, revealing the enchanting effect these chimes can have when placed strategically to capture the wind's essence. Students will explore the cultural significance of sound rituals and learn how to cultivate mindfulness by appreciating the subtle symphony that surrounds them. The course encourages playful experimentation with sound and placement, aiming to transform everyday breezes into sources of joy and reflection. Beyond crafting, participants will gain insight into the art of enchanting breezes, ensuring their wind chimes create harmonious tunes that soothe the soul. This class is perfect for those looking to embrace the whimsical side of life while learning practical skills in sound design and nature crafting.
