- Creature template patterns
- Safety gloves

Skills Developed

Fiber Arts

Creative Design

Color Theory

Craftsmanship

Idea Generation

Course Description

Join Professor Puffington in the enchanting city of Bath for a day of Fantastical Felt Creature Crafting! This delightful class invites adults to step away from the mundane and embrace their creative quirks. Under the whimsical guidance of Professor Puffington, students will explore the magical world of needle felting, an accessible and rewarding fiber art that turns wool into imaginative three-dimensional creatures. Participants will first learn the foundational needle felting techniques, transforming fluffy fibers into dense shapes. Professor Puffington, known for her vibrant personality and expertise in fiber arts, will guide students through the process of designing their very own fantastical felt creature, from initial concept to completion. Whether it's a mischievous goblin, a friendly dragon, or a quirky unicorn, you'll understand how color theory influences your design choices, ensuring your creature is as eye-catching as it is charming. Safety is paramount as students handle sharp felting needles, so you'll also learn proper tool usage to avoid pierced fingers—a skill both practical and necessary for any budding felt artist. At the end of this joyful experience, you'll take home your handcrafted felt creature, a tangible creation that symbolizes your newfound skills and creativity. Fantastical Felt Creature Crafting is not only about making delightful objects but also about nurturing your soul with laughter, color, and imagination.
