## Course Description

Welcome to Alpaca Yarn Yodeling, a delightful fusion of fiber arts and musical expression set in the enchanting Scottish Highlands. Led by the charming Fiona Fuzzington, this class takes you on a whimsical journey where crafting and yodeling intertwine to create beautiful, one-of-a-kind yarns. Begin your day by learning the fundamentals of spinning alpaca wool using traditional drop spindles. Fiona will guide you through the process, sharing stories of the Highlands' textile history, rich with traditions and tales. As your hands spin the wool, your voice will join in a chorus of rhythmic yodeling, designed to enhance your crafting rhythm and bring joy to the process. You'll experiment with various spinning techniques to produce a myriad of textures, from smooth, silky strands to chunky, playful yarns. Each participant will have the opportunity to create a personalized yarn project, selecting from a variety of colors and textures to suit their artistic vision. Expect plenty of laughter and camaraderie as you explore the symbiotic relationship between sound and craft. With expert guidance and a touch of silliness, you'll leave not only with new skills but also with a sense of accomplishment and a heart full of Highland cheer. By the end of the class, you'll have a unique yarn creation to take home and the joy of having bonded with fellow fiber enthusiasts through the magical art of Alpaca Yarn Yodeling.
