Wood Carving

Aerodynamics

Creative Storytelling

Historical Folklore

Craftsmanship

## Course Description

Enter the whimsical world of broomstick crafting with our "Enchanted Broomstick Carving and Aerodynamics" class, guided by the ever-charming Professor Whittlingford Sweep. Set in the heart of Exeter, this class invites you to explore the art of traditional wood carving with a magical twist. Students will embark on a journey from raw wooden staves to fully realized broomsticks, learning essential carving techniques and the secrets of broomstick aerodynamics. Once your broomstick takes shape, you'll refine it with sanding and apply a natural wood stain to bring out its unique character. But the magic doesn't stop at crafting. Dive into the rich tapestry of broomstick folklore, discovering their roles in history and legends. As part of the creative process, you'll develop a personal story for your broomstick, honing your creative storytelling skills. This class is perfect for adults seeking a creative outlet and a touch of whimsy in their lives. With the provided materials and expert guidance, you'll leave not only with a beautifully crafted broomstick but also with a refreshing sense of joy and accomplishment. Come ready to carve, learn, and maybe even take flight in your imagination!
